

## South Carolina Public Infrastructure Funding Sources

Agency	Program	Program Description	Grant or Loan?	Funding Available	Eligible Applicants	How to Apply	Contact Information
SC Department of Commerce	<b>Community Development Block Grant Program (CDBG)</b> (water, sewer, drainage, public facilities)	The CDBG Program provides grants for a wide variety of projects from revitalizing neighborhoods to improving community infrastructure, providing public facilities and creating or retaining jobs. The program targets low-to-moderate income areas.	Competitive Grants	In FY2014, \$18 million is estimated for grants including \$16 million for community development.	Units of local government in areas of the state that do not directly receive their own funding from the US Department of Housing and Urban Development	Community Infrastructure application requests due March 14, 2014 and applications due April 14, 2014. Applications are available upon request by the Chief Admin/Elected official for the local government. Before submitting an application request, review the 2014 CDBG Program Description and Application Guidelines.	Lisa Kalsbeck sc-cdbg@sccommerce.com 803-734-0429 1201 Main Street Suite 1600 Columbia, SC 29201  <a href="http://www.cdbgsc.com">www.cdbgsc.com</a>
SC Department of Commerce	<b>Appalachian Regional Commission Area Development Funds (ARC)</b>	ARC funds may be used for projects that meet one or more of the following goals: 1) Increase job opportunities and per capita income in Appalachia; 2) Strengthen the capacity of the people of Appalachia to compete in the global economy; and 3) Develop and improve Appalachia's infrastructure to make the region economically competitive. Priority is given to economic development, workforce development, education or infrastructure projects. Separate funding may be available for local access road development.	Competitive Grants	FY2014 estimated at \$2 million.	Community-based organizations, public and private non-profit organizations, educational institutions, Local Development Districts (LDDs), local and state governments. Projects must benefit the Appalachian counties of Anderson, Cherokee, Greenville, Oconee, Pickens and Spartanburg.	Application proposals must be submitted no later than January 15th. Please contact the ARC Program Manager for additional information.	Jill Francisco ARC Program Manager 803-734-0568 1201 Main Street Suite 1600 Columbia, SC 29201 <a href="http://www.arc.gov/grants">www.arc.gov/grants</a>
SC Department of Health and Environmental Control (DHEC) for Project Management  and SC Budget and Control Board, Office of Local Government (OLG) for Financial Assistance	<b>State Revolving Funds (SRF):</b>  Clean Water SRF (sewer, stormwater)  Drinking Water SRF	Both SRF programs provide long-term, low-interest loans (1.0% to 2.0% for FY14).  The Clean Water SRF finances all types of sewer facilities including treatment plants, collection systems, stormwater improvements, and line relocation for road widening for environmental and growth purposes up to 20 years.  The Drinking Water SRF finances water supply and distribution facilities needed to achieve or maintain compliance with drinking water regulations and relocation of lines for road widening, for up to 30 years.  DHEC manages projects and technical requirements of SRF. OLG makes the loans and manages financial portion of SRF.	The SRFs are loan programs. There is, however, a very limited amount of funds available as principal forgiveness for projects facing health or environmental threats.	In FY14, over \$200 million is available for Clean Water SRF projects and about \$57 million is available for Drinking Water SRF projects.	Municipalities, counties and special purpose districts. In the Drinking Water SRF only, assistance to private, non-profits may also be available on a limited basis.	Submit a Clean Water SRF Project Questionnaire or a Drinking Water SRF Project Questionnaire to DHEC to be ranked, added to the Priority List, and begin process. (Forms are available at <a href="http://www.scdhec.gov/environment/water/srf_forms.htm">www.scdhec.gov/environment/water/srf_forms.htm</a> ).  Once a project is added to either SRF Priority List, contact OLG to submit preliminary financial information for assessing affordability of loan amount.  Final loan applications are accepted by OLG from October 1 to July 31 of each fiscal year for projects that have met the technical requirements with DHEC. SC Rural Infrastructure Authority (RIA)	<b>Infrastructure Grants</b> (water, sewer, drainage)	The RIA assists rural infrastructure by providing grants for constructing and improving rural infrastructure facilities in distressed and least developed areas. There are four program categories: <b>Basic Infrastructure</b> and <b>Emergency Infrastructure</b> , which address health and environmental quality standards, and the <b>Economic Infrastructure</b> and <b>Economic Impact</b> Programs, which help build system capacity for economic development or support job creation. Eligible activities include upgrades, improvement or extension of water or sewer infrastructure. Storm drainage projects also considered.	Competitive Grants	FY14 funding available is \$12 million and distributed through the four categories.	Local governments, special purpose and public service districts, or public works commissions within eligible rural and distressed areas.	Basic Infrastructure and Economic Infrastructure applications are considered in competitive funding rounds as indicated in the Program Strategy. Emergency Infrastructure and Economic Impact applications are accepted throughout the year. Applications can be downloaded at <a href="http://www.ria.sc.gov/program-forms-and-documents/">www.ria.sc.gov/program-forms-and-documents/</a> . See the 2014 Program Strategy on the website for additional application requirements.
